CONGRESSIONAL HAPPENINGS IN WASHINGTON

By CLARENCE J. BROWN
Member of Congress

The legislative log jam in the Senate prevented Congressional adjournment last Saturday, as originally planned by Administration leaders on Capitol Hill. However, as this is written, it is expected Congress will adjourn or recess some time late this week.

Although the British Loan was authorized by Congress and the first financial credit thereon advanced only a little over two weeks ago, complications are already arising. The Congress and the American people were told the making of the British Loan would benefit our American trade, but just last week an agreement between Great Britain and Canada was announced, whereby the British will purchase all Canadian export wheat for the next four years. While American farmers have a ready market for their wheat this year because of the huge famine relief purchases—the overwhelming percentage of which is financed by the United States—many farmers are wondering how and where they will be able to market their surplus wheat in the years ahead.

The OPA is back with us again as a result of the passage of a new price control law by Congress last Wednesday, which was promptly signed by President Truman a few hours later, despite the fact the measure is a much poorer one than the bill he vetoed on June 29th. Under the new law all rent controls have been reinstated at the same rates as prevailed on June 30th. Most OPA controls and price ceilings on manufactured products have been put back into effect, but, as provided in the new law, controls and price ceilings on meat, dairy products, poultry, eggs, grains, feed, soy beans, cottonseed, tobacco and petroleum products cannot become effective before August 21st. Controls on meat, dairy products and grain will automatically become effective again on that date unless the Decontrol Board decides otherwise. However, controls over tobacco and petroleum products will remain off unless the Decontrol Board takes affirmative action to reinstate them. During the past ten days meat and butter prices, especially, have slumped by twenty per cent or more, with these food products selling in many cities below the June 30th OPA ceiling prices, plus subsidies with merchants overstocked. Whether the reestablishment of the OPA will result in another scarcity of food supplies and the reestablishment of the black market remains to be seen. Much will depend upon whether the bureaucratic officials of the OPA have learned their lesson and will administer the price control law realistically; but it is being freely predicted that American citizens will not long stand for food scarcities and black markets when the short reestablishment of the free enterprise system has already proven it can and will work. Most observers feel certain the reestablishment of the OPA will not put a stop to the trend toward higher prices, but that to the contrary prices will continue to climb until supply begins to equal demand. Economic laws are natural laws. They cannot law be set aside, either by bureaucratic decree or Congressional enactment.

Fair Board Has Six Vacancies To Fill

There will be six vacancies on the Greene County Fair Board which comprises thirteen members. Two new members will be necessary to replace N. N. Hunter, president, and A. B. Lewis, both of whom died during the year.

The following terms expire this year: B. U. Bell, treasurer; Mrs. L. H. Jones, Yellow Springs; Earl Rittenour, Ross township; and William Wilkerson, Bath township.

Only holders of family tickets are eligible to vote and ballots are cast on Thursday and Friday at the office of the board on the grounds. The board will canvass the vote on Saturday.

Auditor Wants To Know "Where Are the Dogs?"

County Auditor James J. Curlett is pondering whether or not there are 169 fewer dogs in Greene County this year or if that number does not have licenses.

There were 6,144 dog tags sold last year and so far this year only 5,076. A check is being made to see whether any dog owner has failed to get a tag this year—that was on the list last year. There might be a house to house canvass ordered.

PRINCIPAL IS NAMED

Delbert M. Dolphin, has been employed as superintendent of the Silvercreek Twp. Schools. Mr. Dolphin, who returned recently from San Diego, Calif., where he and his family had lived for several years, was formerly supervising principal at Conover and Ohio City schools.

CHURCH BUYS PROPERTY

The trustees of the First Baptist Church of Jamestown, have petitioned the Common Pleas Court through Prosecutor Marcus Shoup, to approve a \$3,500 mortgage on residence property in Jamestown to be used as a parsonage.

A BABY DAUGHTER

A daughter was born Tuesday to Mr. and Mrs. Robert Richards at a hospital in Columbus. This is their first born. Mr. Richards is a son of Mr. and Mrs. A. E. Richards of this place.

MRS. GILMOUR DEAD AT 86

Mrs. Alice Gilmour, aged 86, died Friday, July 28 at the home of Mr. and Mrs. R. C. Wells. Mrs. Gilmour was an aunt of Mrs. Wells and had made her home here for five years. She leaves a brother and a sister. The funeral was held in Morrow, O., Monday, July 29.

ALONG FARM FRONT

E. A. Drake, Co. Agricultural Agent

EGG AUCTION TOUR AUGUST 8
Greene County poultrymen will visit the Ohio Valley Egg Cooperative plant at Milford, Ohio, Thursday, August 8. The tour will leave the Xenia Post Office at 9 A. M. and visit the Caldwell Poultry Farm at Batavia, followed by a picnic dinner, and a tour of the Cooperative Egg Auction plant in the afternoon.

The Caldwell Farm has a hatchery, breeding and laying flocks, as well as a thousand turkeys in confinement. The Ohio Valley Egg Auction, with a plant at Milford in assembling, grading and marketing eggs for more than a thousand poultrymen in Ohio and Indiana. Forty-nine Greene County flock owners are members of the cooperative.

Nelson Moore is chairman and Ernest Smith, secretary of the Greene County poultry committee which is sponsoring the tour. D. D. Meyer, an extensive poultry specialist of Ohio State University will accompany the group.

NEW FARM MACHINERY DESCRIBED AT FORUM

Sam Huber, extension agricultural engineer, Ohio State University, told 124 Farm Forum members Monday evening what they could expect in the way of new farm machinery in future years. He stated that farm technology will demand new types of farm machinery that do more of the work on the farm and do it at a lower cost.

Hydraulic controls will be used much more in the future, tractors will be equipped with remote clutch control, and corn pickers will husk, shred the fodder, and distribute the shredded fodder back on the field thus reducing corn harrow expense.

Other new machines described by Mr. Huber included silo unloaders, the tillmaster, flame weeders, self propelled combines, field hay choppers, and new types of crawler tractors.

FARM BUREAU PICNIC AUG. 14

Greene County Farm Bureau members will meet at Bryan State Park Wednesday, August 14, for their picnic. Raymond Cherry was named publicity chairman by the county board of directors.

MASTITIS SUBJECT OF DAIRY DAY PROGRAM

Because mastitis or garget is probably the greatest disease scourge of the dairy industry, a discussion of this subject will be held on Dairy Day at the Ohio Experiment Station, Wooster August 9th.

Considerable effort has been spent on trying to develop methods for the control and treatment of this disease. They consist of a control program to protect healthy animals coupled with treatment of affected cows.

For the latter purpose, several drug preparations have come into prominence including penicillin and sulfa drugs. Since there is no treatment which will protect the animal against reinfection, prevention is still essential in combating the disease.

ORCHARD DAY AUGUST 15

An airplane orchard dusting demonstration will be one of the features of Orchard Day at Wooster, August 15. Demonstrations will be given at 11:30 A. M. and at 3:30 P. M.

Other features of this year's program will be a demonstration of the use of the Smoke Generator to control frost in orchards, and the use of chemicals to retard bloom. Lunch will be served on the grounds for those who do not care to picnic.

SAWDUST FOR FRUIT TREE MULCH

Sawdust has been found by the Ohio Experiment Station to be a good mulch for fruit trees. Sawdust and shavings are often available in quantity and have been found to be as good as straw, hay or orchard mowings as a mulch.

Sawdust packs and gives poorer aeration than straw and it requires a large amount to mulch a tree. This mass also absorbs a large amount of rainfall before passing through to the soil but no injurious effects have been noted. Contrary to common belief, no objection to sawdust from the standpoint of soil acidity was found.

COMBINE LEAVES STRAW PROBLEM

Combine harvesting of wheat leads to new problems in obtaining good clover and alfalfa after wheat. Tests made at the Ohio Experiment Station over a period of years show that leaving straw as the combine left it has resulted in a thinning out of the clover and alfalfa and a reduction in yield as well as in quality of the hay crop next year.

For instance, where nothing was done to the straw after combining wheat in 1943, the first cutting yield of mixed clover and alfalfa hay in 1944, was only 2160 pounds per acre with a straw content of 18 percent. Where the stubble was clipped and the straw removed shortly after combining, the yield was 2940 pounds of clean hay, half again as much clean hay.

REV. DUGAN TO ADDRESS GRADUATES

The Rev. J. Russell Dugan, pastor of the First United Presbyterian church, Xenia will be the summer commencement speaker for the graduating class of Cedarville College Thursday evening August 15th at 8 p.m. in the First Presbyterian Church, President Ira D. Vaynisher has announced.

The Rev. Dugan served both in the First and Second World Wars. In the first he served as a seaman in the Navy and during the recent war he was a Lieutenant Commander, Naval Chaplain, in the Pacific area. He participated in the invasion of Okinawa. He graduated at Monmouth College, Monmouth, Ill., and Xenia Seminary when located in St. Louis.

The following receive the Bachelor of Science in Education: Alfred B. Fehlman, Xenia; Joan M. Smith, Dayton; Esther Eileen Brown, Springfield; Isabelle McClellan Walker, Ithaca, N. Y.; Ruth Andrews, Xenia; Mary Esther Montgomery, Middletown; Three Year Diploma: Laura Jeanne Cox, Middletown; Bachelor of Arts: Betty J. Gwin, Xenia; Colet Provisional Certificate: Alberta Yarger, Springfield; Edna Mae Miller, Springfield; Pauline J. Rafferty, New Morefield; Betty Shroades, Xenia; Lois Ruth Babb, Manchester.

Greene Co. Colt Sold By Hagler-Cultice

Joe Hagler, veteran race horse trainer, drove a grey trotter, Joe C. Blackstone, to a two-heat victory in a slow class trot at Richmond, O., then offered to sell the colt for \$3,500 to Jesse Brinkerhoff, Wooster. The latter was impressed with the possibilities of the colt but not the price.

Tuesday the 3-year-old made his second start at the Greene county fair and after taking second money in the first heat of the 2:25 trot, the Wooster man contacted Hagler and the deal was closed at \$3,500. The horse was owned by Hagler and Walter Cultice, of Xenia, formerly of this place.

MRS. CHARLES HALL

Mrs. Jennie June Hall, 45, wife of Charles Hall, died at her home on the Yellow Springs Pike, Friday at 7:30 p.m. She had been ill since December. The daughter of Gilbert and Minnie Portas Johnson, she was born in Cedarville Twp., June 1, 1891 and was a member of Zion Baptist Church, the Church Aid Society and Victory Club.

Besides her husband she is survived by six children: Mrs. Lucy May Milton Yellow Springs; Mrs. Juanita Morris, Patchogue, N. Y.; Mrs. Grace Johnson, South Charleston, O.; Mrs. Stella Jones, Dayton, and Reba Marie and Charles Walter at home; a sister, Miss Mary Johnson, Cedarville and two brothers, John and William Johnson, Cedarville; two grandchildren and a number of nieces and nephews.

PICNIC DINNER FOR BIBLE SCHOOL GROUP

The members of the Second Primary Group of the Daily Vacation Bible School were treated to a picnic dinner by their teacher, Mrs. John Powers, Wednesday noon, at the home of Mrs. Powers. Those present were Doris Reynolds, Linda Gordon Janet Stewart John Kyle, Paul Stanforth, Nelson Fickering, Donnie Lee Jordan, Marian Powers, Gretchen Santmyer, Bobby Gillough and Walter Jacobs were also members of the class.

TRUMAN I O U BILL FOR G I'S AWAITS HIS SIGNATURE

The House passed the Senate bill Wednesday that gives veterans of the Second World War terminal pay cash under \$50 and five-year bonds for over that amount. The bonds cannot be cashed in that time other than for life insurance payments. A delegation of "vets" demanded all cash but the New Deal Congress only pays cash to war grantees. The vets get a Truman I O U to stay off inflation.

PREPAREDNESS

The Army and Navy Register, unofficial service publication, says that one wing of the Army's Walter Reed Hospital will be remodeled into a suite for emergency use of President Truman and his family.

The contract has already been let and calls for a bedroom, living room and recreation room for the President; four additional bedrooms, two sitting rooms, a diet kitchen, a room for the guards and a solarium. The improvement will only cost \$148,000, according to the estimate. You help pay the cost.

County Fair Attracts Thousands For Annual Agricultural Event

Favorable weather has been one of the attractions that drew several thousand people daily to the Greene County Fair.

Entries in all departments exceeded that of last year. The horse department had 105 entries, 85 being in the saddle class for the evening programs. Cattle numbered 202 head, hogs 405 and sheep 335. In addition the state Hampshire hog show was held with a hundred or more head entered.

The 4-H Clubs, farm organizations as well as Boy and Girl Scouts had exhibits that drew much attention.

The evening performances were marked with vaudeville acts, band music and the saddle horse show. The judging in all departments will be concluded by Friday morning when the livestock parade and sale of 4-H live stock will be held. The race program for the last day has many entries and will conclude an unusual week of the sport for horse lovers. The fair will end Friday evening with the saddle horse exhibit and other attractions.

Elza B. Harness "Dead" Says Probate Court

Elza B. Harness, Xenia, who disappeared under mysterious circumstances 10 years ago, was declared legally dead by a probate court order a few days ago, and a suit for partition of his real estate was filed in Common Pleas Court Tuesday by Omer Shaw, farmer, a nephew, who resides near Jamestown.

The real estate is a 90 acre farm in Caesar Creek and Silvercreek Twp. All clues at the time of his disappearance were explored by officials but nothing could be found or no one who had any knowledge of his whereabouts.

Mrs. Etta Hill, 38, Died Wednesday A. M.

Mrs. Etta Hill, 38, died in Good Samaritan Hospital, Dayton, Wednesday morning after an illness of a year. She had submitted to an operation two weeks ago and was regarded much improved up to her death.

The deceased was a daughter of Mr. and Mrs. George and Lou Pauley Shingleaker of this place and was born in this county, October 14, 1897. She is survived by her parents and three children: Dolores Jean, Judith and Edward of Dayton; a sister, Mrs. Louise Dorton, New Jasper, and four brothers, Wilbur of Columbus; Chester of Springfield; Lester of Cedarville and Charles, Xenia.

The funeral will be held from the Nagley Funeral Home, Xenia, Friday at 2 P. M. with burial in North Cemetery.

EGG AUCTION TOUR SET FOR AUGUST 8th

Greene County poultrymen will visit the Ohio Valley Egg Cooperative plant at Milford August 8. The tour is to start from the Xenia postoffice at 9 A. M. and will visit the Caldwell Poultry plant at Batavia. A picnic dinner is to follow and then go to the Egg Auction plant in the afternoon. Forty-nine Greene County flock owners are members of the cooperative. Nelson Moore is chairman and Ernest Smith is secretary of the committee.

ATTENDS MINISTERS MEETING

Methodist ministers of the Wilmington District met in Jamestown Tuesday morning to plan the work of the year. Stewardship will be the main program. Rev. W. R. Collier, local minister attended the meeting.

TO IMPROVE ROUTE 743

The State Highway Department announces that State Route 743 in the Eastern section of the county will be improved this fall, bids now being advertised for. The project will be completed before October 15, 1946.

RETURN FROM EASTERN TRIP

Mr. P. J. McCorkell, accompanied by his mother have returned home after a trip last week to Philadelphia, where they visited relatives.

Thursday Hog Price Locally Was \$24

Hogs took another spurt in all markets Thursday morning. The Cedarville livestock prices were \$24 while Xenia was \$24.40, an all time high. Ordinarily such prices would flood all the markets with hogs but the hogs are not in the country. New price fixing and OPA control of grain prices drove thousands of farmers to unload their light hogs months ago.

How many Democratic New Deal hog feeders want to return to the AAA 1945 prices of \$14?

PARK BOARD FOR MEMORIAL PARK

Cedarville Progressive Club and the local American Legion met to make plans for a park board and a superintendent of the 11-acre tract purchased by these two groups.

The park will be a war memorial and eventually erection of a memorial building is planned.

H. K. Stormont, representing the Legion and Rev. R. C. Fredericks, of the Progressive Club, were appointed to set up by-laws calling for election of a park board of three members from the club and the same number from the post.

The board will appoint a superintendent of the park so that work may proceed.

It also was announced that an old well drilled in 1908 by the paper mill concern that was once located here, has been discovered on the land and that the water is usable. It will provide ample drinking water for the area.

Extensive progress has been made in clearance of the land east of the downtown section of the village and a stone arch bridge is once more visible. It had been obscured by the underbrush for almost half a century.

Sought Gobel's Aid For Deferment From Army Service

While Greene county sons from both Republican and Democratic families were targets for the Japs or facing German shell fire, New Deal Democrats were busy trying to keep boys from wealthy Democratic families out of service.

While Chairman May of the House Military Affairs is being investigated in connection with war graft contracts there burst into the open in Columbus on Wednesday a statement from Col. Chester W. Goble, head of the Ohio Selective Service, that effort was made by members of the Military Affairs Committee, Democrats, to have Serge Rubinstein, Jewish, New York City, deferred. The New Yorker's papers had been sent to Ohio due to the fact he was connected with an aircraft company as treasurer in Alliance, O.

Col. Goble named publicly those who had a part in this case. There was open violation of the draft law in the manner in which the case was handled out of Washington.

To this day some thirty thousand yellow-slacker Democrats of draft age are still in the employment of the war department while notices for induction in Green and other counties go out weekly for more men in the service to prepare for the Third World War and at the same time sham for peace around the world.

Henry E. Barnett Resigns Deputy Sheriff

Henry E. (Hank) Barnett, Xenia, R. F. D. 4, popular deputy sheriff, resigned his office according to announcement Saturday by Sheriff Walton Spahr.

Mr. Barnett took office in January, 1941, and served a year before being inducted into the army. He was taken ill while in service and for a time was in a very critical condition. Upon his discharge due to disability he returned to his former position in 1943.

Sheriff Spahr has named Deputy C. A. Stewart, of Skyway Park, Bath Twp. to succeed Mr. Barnett. He will be given instruction of his duties by Mr. Barnett.

RETURNS TO KENTUCKY

John Cecil and family moved to their new home in Glasgow, Ky., this week where Mr. Cecil has a cold storage plant in operation. The Cecil property on Miller street was sold some time ago to Eddie Carlisle, who will occupy one apartment.

OF INTEREST TO READERS

Congress some weeks ago passed a law which will interest the reading public. After October 1, 1946, all publications using the mails must have a paid in advance subscription list.

FEW NEW SCHOOL BUSES FOR COMING YEAR

With the opening of school in the state only six weeks away members of boards of education are concerned about school buses. It is reported by state authorities that 1,950 new buses were needed for the coming school year in the state, many of the old ones having been condemned by state inspectors.

So far only 100 new buses have been delivered in the state and with auto and truck production the lowest in the history of the trade, there is little hope that one half of the buses ordered will be delivered. Ross Twp. has an unfilled order at this time.

WILL FARM PRICES HOLD OR BE LOWER?

Word from Washington Thursday is the decontrol board, a new bureau set up to police the OPA and Dept. of Agriculture price fixing, will open hearings on August 12 to determine the fate of prices on all dairy, meat, and grain produced by farmers. President Truman refused to name a representative of the agricultural interests on this new board but instead named a manufacturer, a banker and a professor as members to fix prices on farm products.

Hogs hit \$23.85 Wednesday with no great receipts at any of the big markets. Hundreds of thousands of piglets and gilts have been going to the market for two weeks and this means less pork this fall and winter and well into next summer. Stripping the nation of all kinds of grain for foreign shipment has left several million farmers without necessary feed. With cattle the feeder is unloading due to the scarcity of corn. Grass fed ranges cattle are going to market which under ordinary circumstances would go into feed lots this fall. Prime steers are quoted at \$27.50 due to scarcity of good quality.

The action to be taken by the "decontrol board" will govern how much meat, bread and other grain foods, as well as dairy products will be available this fall and winter. It is said not one of the big flour mills are in operation at this time and yet fall of wheat out of high priced wheat and forced after August 20th to sell it at low prices that prevailed before OPA died June 30th.

The highest previous price for hogs in Dayton was \$23.50 in May 1919. We recall a similar price of about \$23.35 in Pittsburgh about the same time. As we recall the late Frank Townsend had five cars loads of hogs, part of them double deckers, in the Pittsburgh when the price shot up. For three days he was the only person that had hogs in that market. The shipment was from the local market when the price was around 17c.

Seven Vacancies In Silvercreek Twp. Schools

The teacher problem for the Silvercreek Twp. board of education is no different than for many schools in the state. It is reported the teacher shortage in the state is about 8,000.

The Silvercreek board now has seven vacancies on the staff. Mrs. Josephine Randall, Mrs. Nellie Greenwell and Miss Betty Irvin of this place were members of the faculty last year and are retiring or accepting positions in other schools.

COURT GRANTS ORDER

An Osborn landlord who sued his tenant for permission to install a furnace in the house after serving an eviction notice, has been granted a common pleas order restraining to proceed with the work. Victor Nobling, the tenant refused Edward Krueger access to his own property.

FERNDALE SOW SALE

The 36th annual Hampshire bred sow sale will be held Wednesday, Aug. 7, at Ferndale Farms at 1 P. M. With the interest there is in the hog market at this time the sale promises to be of unusual importance.

WILL SELL ANDERSON FARM

The Samuel C. Anderson farm of 186 acres located on the Xenia and Jamestown pike will be sold on the premises on Saturday, Aug. 10th at 1 P. M. Personal property sales at 2 P. M. The farm has two sets of buildings and is well located. Sale notice in this issue.

BABY BEEF SELLS FOR \$44.00 WT.

Baby beef hit a new ceiling at the Fayette county Fair last week when the 4-H calves were auctioned. The top calf weighing 1,070 pounds sold for \$44 a 100 pounds, or \$40.50 in all. The top lamb brought \$95 a 100 and champion pig, \$40 per 100. Forty-three head of calves averaged around \$24 a 100.

Farm Machinery Will Cost Farmers More Under "Decontrol"

The OPA Thursday increased prices of all farm machinery 6 percent, repair parts included. The order goes into effect immediately. Another increase is due for 1947 machinery.

THE CEDARVILLE HERALD
CHARL BULL — EDITOR AND PUBLISHER

 FRIDAY, AUGUST 2, 1946

EVERYBODY IS TO GET RICH BY BORROWING
 Now that both Houses of Congress have passed the necessary legislation to legalize the British loan of nearly four billion dollars, everyone who believes in making a loan of that extent to a nation that has not paid its debts, and has not even been over-thankful that we won the war with our spilled blood, should throw all they can and prepare to get rich.

We have read many of the arguments in Congress why we should make the loan and many editorials of like tenor. We have read the arguments against the loan. From the business viewpoint there are a lot of people on this side of the Atlantic well as in England that will reap riches over the loan. At the New Deal commission men will take a huge commission for "selling the scheme" and we may hear more of this at later date, just as you are now hearing of the war graft contracts made under the reign of the modern Judas from Hyde Park. No payments on the British loan are to be made under a year. If there is a depression there are to be no payments until the British confer with a lot of New Dealers in a back-room in London or New York City. The British can create a panic over night by changing the value of the pound sterling.

We are told the British will purchase so much merchandise every kind in this country on our credit everybody will have work on Saturdays and Sundays. Few now talk about the present financial condition of England. She is flat broke and not even pay her debt to Canada. The New Deal was even more accommodating in contracting to let British goods come into this country under "free trade" in competition with our manufacturers and her wool to compete with American wool. England now has a two year supply of Australian wool in storage in this country ready to be thrown on the American market. British manufacturers will use cheap labor, \$3.50 American coin, being their top wages in most industries.

Your income tax is yet to be raised by Russia, France and Italy for about a billion dollars. It is no trouble to borrow from the New Deal because most of those in authority in Washington are broke when they entered office and only the war contract graft has fattened their bank accounts. If you are without funds take a loan and get rich for by this British loan we are told American industry is to get rich. Democratic free trade will now up American industry and it will ruin the farmer's market when South American meats and grain begin to pour into this country.

SHOWER IN HONOR JOAN ULSH
 Mrs. John Sanders and Miss Martha McGuinn were co-hostesses at a miscellaneous shower held last Saturday evening at the home of Mrs. Fred Townsley and honoring Miss Joan Ulsh of Springfield, bride elect of Mr. Harold Corry.

Contests provided entertainment for the occasion with prizes being won by Mrs. Harold Cooley and Miss Barbara Smith. Gifts for the guest of honor were arranged on a table to which an arrangement of summer flowers added a festive note. Refreshments were served to eighteen guests.

Miss Ulsh is the daughter of Mr. and Mrs. Harry R. Ulsh of Springfield. Her marriage to Mr. Corry son of Mr. and Mrs. Elder Corry will take place August 4 at 2 p. m. at the Cedarville United Presbyterian church.

Georgia is in the big news of the week following the lynching of two negroes and their wives, all four being shot down by white assassins. The race war is on in that state. A recent campaign for governor generated all the ill feeling of slave days when Pearson, Winchell and Georgia politicians and certain daily papers attacked Eugene Talmadge, who "capitalized on the issue and won. The KKK for years has been an issue in that state and other southern states over the race issue. Congress had before it many bills during the Roosevelt regime to legalize voting for negroes. FDR never at any time ever put such legislation on his "must pass list" for fear of losing the "lilly-white" votes. He termed Georgia his adopted state but he never uttered a word against "white supremacy". What happened last week has happened all through the south almost monthly since the Civil War. The Democratic party, north or south, ever made the issue political that it could be settled at the polls. Roosevelt used his bribe method to gain popular favor with the negro classes in the south. He used WPA and relief to pass out fat side-meats, grits and corn meal like manna from Heaven, all at the expense of the income tax payers. We had no interest in the Georgia campaign for governor. Neither of the white candidates, nor the "lilly white Governor Arnold" would ever sit down at a meal with a negro at the table. And the same can be said for Pearson and Winchell. And FDR has no record of having negro help around his Fifth Avenue Mansion in New York. He used trained foreigners in preference to the negroes. The Georgia campaign was nothing more than the "pot calling the kettle black."

Gov. Lausche led the legislature up a blind alley last week when he called that body into session to consider rent control. It was generally admitted at the time the Congress would pass a rent control law because many Republicans as well as Democrats had openly backed the bill. It cost Ohio taxpayers just \$4,500 for the Lausche political excursion to get a few rent control votes. How many landlord votes he lost on his side of the political fence will not be known until next November.

"Hold the line against inflation" has been a catch phrase of the New Dealers. It was the cry in Congress to bring OPA back to life. President Truman had hardly signed the law until OPA announced higher prices on a lot of goods made by union labor. To please Southern Congressmen OPA Porter increased the cost of most all goods made of cotton. However, you will notice no increase on wool to the farmer. Cotton as a crop is outside of OPA control. It was only Tuesday the OPA increased the cost of all clothing 11 percent and announced that other increases up to 25 percent would be ordered later. President Truman followed the late Sidney Hillman and ordered clothing prices to be based on the "cost-plus" basis to protect union labor. It is predicted the suit that formerly cost \$35 before the war will cost \$50 now when you can find one, if the same quality is maintained.

"Dog days are here again". Democrats certainly will suffer more from the Mead investigation of war contracts and graft than from "Dog Days". Congressmen May and other New Dealers are in the "dog house" so to speak for their dealings with war contractors have been made public. The testimony of Comptroller Warren before the Mead Committee as to war contracts and the part the War Department had in grafting would certainly turn "gray hair red" in New Deal ranks. Those \$5,000 dollar diamond necklaces given to the wives of congressmen when war vessels were "christened" are now before the investigation committee. It is charged that hundreds of illegal donations for this and that, even to public money.

Nurse's training gives you all kinds of advantages—whether you want an interesting, well-paid career—or a home and family of your own.

NO MATTER what you do, you'll always be glad you trained as a nurse. If you choose a career—nursing is particularly promising, with world-wide opportunities, and salaries higher than ever before (over \$5,000 for certain types of work). If you marry, your nursing training will prove the best preparation you could have had.

Advantages of Being a Nurse
From the time you enter training as a student nurse, your room and board are free. Tuition costs are low. In some hospitals your entire training course is absolutely free. You live in a dormitory—just like college. You work with skilled professional men and women. And all the best jobs in the profession go to women!

Opportunities in new-by-hospitals
If you are a high school graduate, go to see the Administrator or Director of Nurses at the nursing school you would like to attend, or write her today. Find out about all the opportunities a career in nursing offers you. Schools of Nursing in this locality are listed below.

Comparison of Net Salaries Paid to Women

TRAINED VOLUNTEER RED CROSS NURSES AIDS
The chances are your hospital needs you. Why not check today?

The Miami Valley Hospital School of Nursing, Dayton, Ohio, is one of the largest in the state; its educational facilities rank with the best in the nation. It is approved by the American College of Surgeons and the American Medical Association for the training of Internists, Residents in Surgery, Medicine, and Pathology; Medical Technologists; and X-Ray Technicians. It is also approved by the Veterans Administration for graduate training of physicians, by the American District Association for the training of Intern Dietitians, and by Northwestern University for the training of Administrative Interns.

Graduate nurses from Miami Valley have made an enviable record in State Board examinations, ranking in the top bracket of all schools, without a single failure in the past five years. The School of Nursing has reciprocity with the New York State Board of Regents and is approved by the United States Public Health Service. Loan funds and working scholarships are available to acceptable applicants needing financial assistance. Enrollments for the fall semester close August 15. Classes begin Sept. 5. Write or wire today for details, to Minnie Schuler, Director of Nurses, Adams 5141.

Here's Why The Tire We're Selling OUTWEARS PREWAR TIRES!

See that tread mark! See how much road it covers! It's the mark of a new B.F. Goodrich tire made by its wider, flatter tread surface. Because it is wider and flatter, it hugs the road better — spreads the wear more evenly over a greater area — wears less at any single point — OUTWEARS PREWAR TIRES even at high speeds.

If you're looking for longer wearing tires for your car, we're the people to see. Come in. Perhaps we have your size. If not, you'll get yours quicker if you order at once.

Lesson for August 4

Lesson subjects and Scripture texts are selected and arranged by the International Union of Religious Education, used by permission.

JESUS AND THE SABBATH

LESSON TEXT—Ezekiel 20:1-8; Mark 2:27-28; Matthew 23:23-28. **OBJECT**—This is the day when the Lord made man, we will rejoice and be glad in it.—Psalm 118:24.

"The Sabbath was made for man," and was ordained of God for the good of man's body and soul. It was intended to be a day of glad fellowship with the Lord.

Since the Sabbath—the seventh day—was essentially one of rest and worship, the principles which surrounded it and directed its life may be applied to our day of rest, which is the first day of the week—the Lord's day.

That word "rest" sounds a little strange in this busy world of ours, and yet it is an important one. It means quiet for the struggling one, calm for the troubled, repose for the weary, cessation of labor for the worn-out one.

God in his infinite wisdom saw that without rest man would soon destroy himself, and he made provision for one day in seven when labor should cease and man should be free for that recreation of soul and body which should fit him for the labor of the week.

I. A Day of Holiness (Exod. 20:8).

God gave his people a holy day to balance up their days of labor and to bring blessing to their souls. On that day he decreed that they should come apart from their labors, turn from secular interest and turn their hearts and minds to the unseen and the eternal. Man would become so engrossed in the things of this world that he would soon forget; therefore, God commands him to stop and worship. That should be sufficient to cause his people to "remember" the day "to keep it holy."

Notice that the day of rest was to be not only for the family, but also for servants and for visitors. The employer who unnecessarily operates his factory or office on Sunday violates this commandment. Note also that the man who is to rest on the seventh day is supposed to work on the six days. Some neglect to do both.

This matter of keeping the Lord's day holy is one which has tremendous implications in the lives of our children. Many men and women who have had built into their own characters the stalwart virtues nurtured by family attendance at divine worship have not only forgotten their own continuing need, but are destroying the interest of their children in church attendance.

It is serious enough to go astray in one's own life, but to lead one's children astray is an appalling responsibility. Let's keep the Lord's day as a holy day.

II. A Day of Helpfulness (Mark 2:23-28).

The formalists of Christ's day, the Pharisees, had overlooked the heart of God's law and the holy living which it was intended to produce, and had bound up even the observance of the sabbath (which was intended to be a day of rest and gladness) in such a mass of technical "thou shalt not's" that it was a day of fear.

The accusations against the disciples because they had taken and eaten grain was not on the ground that they had stolen, for the law (Deut. 23:25) guaranteed that right to the one who passed through his neighbor's field. The Pharisees contended, however, that the disciples had worked on the Sabbath in picking and hulling the grain.

God's laws are helpful laws, and it is only when men pervert them or add to them their own traditions and interpretations, that they become burdensome to anyone who is God-fearing and obedient.

III. A Day of Healing (Matt. 12: 9-13).

Jesus made it clear that healing of the body (yes, and of the soul) was most appropriate on the Sabbath day; in fact, that is the very day for it.

The healing of the man with the withered arm revealed that back of the Pharisees' professed concern for the Sabbath was a real hatred for Christ. It is an appalling thing that in the house of worship on the very Sabbath day, these men, outwardly so religious, were plotting against our Lord.

Jesus cuts across human hypocrisy and hatred to declare that the true keeping of the Sabbath is to do the work of God. No work of necessity (like plucking the grain) or of mercy (like healing the withered arm) is ever out of place on the day of rest.

A word of caution is needed, for some have sought to interpret this Scripture as providing biblical ground for doing all sorts of things on their day of rest. That day is for man's good, not for his destruction. His greatest good is served by rest, worship, spiritual development, Christian fellowship, and the doing of deeds of necessity and mercy.

The desecration of the Lord's day in our time is a serious matter. Let us not contribute to it.

Our Second Century of Banking

XENIA NATIONAL BANK

DETROIT STREET at MAIN, XENIA, OHIO

Has served people of Greene County since 1835

The Greene County Fair is in its second century of service and pleasure to Greene County People

The Fair has been in operation from the days of the Conistoga Covered Wagon to the days of the airplane. We congratulate the Fair Board on the celebration of the 107th Fair.

The Xenia National Bank has served the people of Greene County for 111 years of congenial, happy business relations.

It has progressed and enlarged its ability to serve, to meet the wider opportunities brought about by changing methods of transportation.

Because the torch has been handed down from year to year to able leadership, the Greene County Fair has never faltered . . . has, instead, made constant progress in its long career.

We like to think that this same devotion to principle . . . to thorough-going, well-founded banking practice, has brought a parallel achievement reflected in steady, vigorous progress through the years . . . so, our eyes are on the future.

We never want to grow so big that we lose that personal touch with our clientele which is so satisfying a feature of our ordinary banking routine, that's keeping our feet on the ground.

We like you to feel that you are always welcome, that your financial problem will always get a respectful and sympathetic hearing.
